Honour.
Dec: 10: 1810.

Dear Daniell, Yours 2^d: 19 and its revisions incl.
-seems came this morning: I return as usual signed
the papers: I am glad the linen is arrived safe and
shall complete either at once or twice the wants of
Mr. Oak whenever I receive her list: by all means
make little Hale useful in every way: your letter
is on the whole favourable: tell Coates I approve
of what he is doing and there is plenty of timber to consi-
der of the distribution of the lumber that come
down this season: I am inclined to think if the
same lumber are fine to keep the whole of them for
breeding: but much will depend on what may be
wanted for my table: Yours sincerely
J. D.
