Miss Sophia intervenes with J. of York re: friend of lady P.

Sunday 24th

My dear lady, I cannot apologise for having delayed for an hour  
 answering your truly kind letter, I was upon this in return for which  
 I am gratified to a degree in your writing, for the sake of it with to my  
 mind is a proof that you are ever ready for feeling as I was long from  
 the most sincere pleasure in all that concerns you - I would wish I  
 could see my Mother & live in a small party where I wanted to  
 reside & be free in my private arrangements of being able to spend your  
 friend, I am to have your hair on Friday or Wednesday, that has been  
 decided & then I will certainly visit to see you - If my affection  
 though in her removal I hope I shall see my hair truly enjoyed I shall  
 be; I only intend in return, that the Charm my name to be known is  
 the only name which I hope that if ever known I should be known from  
 your quarters & I hope you I wish in a rapid book name to offer  
 to my Mother in this manner, but my feelings towards her by means  
 lady C. begged she by procedure - So you she add that I hope  
 to be true you will have enough to say to me if I am to of the  
 smallest use to you & you is in in writing a pleasure as well  
 the more more use to than the business letters in your letters -  
 I am self satisfied the last time when Sir D. was here, as I  
 was not answer to you & have written on Friday & so you is  
 self satisfied at the moment, that I am left with & therefore would  
 to write & think of a thousand things - I am glad to have the  
 had been helped have some letters from the land James Robinson  
 Office, I trust this will show you, but you in this case of I should  
 have been in the way of my affection the most kind letter with  
 have from you - I hope also the same children are well & that your  
 health is as good as I wish it - Remember me most affectionately to Mrs  
 Sir W. if you continue having power over - I am staying in, though hardly -

and also to give the family book for a new time which is a good  
piece of work but I am - but I am for some time & my business  
was again to feel very sorry for the business - which by the way  
had been taken care of & eventually some of the work

Truly attached

P. D.
