St. James's.  
Saturday Afternoon.

Dear Princes,  
Fortunately I was in town and im-  
-mediately took your letter to Carlton House, which  
Mr. Pakenham carried up to the Prime. I sent my  
brother advised him of his earnest wishes for your  
Lordship's success. I think you will get to write to  
Lord Liverpool; I flatter myself there cannot be  
admitted and trust I shall not send many more  
letters to your Lordship. I set out with the Deput  
next Monday on a three week tour; but all letters

will be forwarded to me: my best wishes to Lady  
Pharo: I expect my daughter home soon: but the  
day for setting out from Paris is not yet fixed: some  
accident may arise, and ever believe me,

Dear Pharo,

Yours sincerely

William
