

Bushy House.  
the  
French No: 1823.

My Dear Lord,

I have written my excuses  
to the Duke of Buckingham and now take  
up my pen again by to complain to your Lord-  
-ship my reasons for not being tomorrow in  
London: but since yesterday I am a prisoner  
to the house by the great in my night foot  
and it would be mad to attempt a public  
dinner. I regret the more this unfortunate  
accident because being most sincerely at-  
tached to the Kingdom of Ireland I am pre-

...wrote from showing my regard for the sister  
Kingdom.

The Dutchess unite to me in every kind  
and hearty good wish towards yourself and the  
Country of Prussia: God bless and preserve you  
ever believe me,

Dear Prussia,

Yours affectionately

A. S.
