Lord North, I think you have advanced further in the Committee than I expected the last Division was nearer than some persons will have expected though not more than I thought, I hope every Engine will be employed to get those friends that staid away last night to come and support on Monday if a good countenance is kept I doubt not but you will find your Division generous I wish a List could be prepared of those that went away and of those that deserted to the Minority that would be a Rule for my conduct in the Drawing Room tomorrow. I wish you could bring the list a little before three.
