GEO/MAIN/1397

Lord Suffolk being just informed by Lord  
Barrington of Your Majesty's goodness towards  
the son of Lord Aylesford's in appointing him an  
Ensign in the first Regiment of Guards, feels  
himself so sensible of Your Majesty's gracious  
reception of his wishes in that respect, that  
he cannot refrain from seizing the earliest  
opportunity of humbly expressing his Gratitude,  
'tho' he shall have the honour of doing it in  
person on Wednesday next.  
Elford. Sept. 27. 1772.
