

Draft to the Duke of
Gloucester.

Supposed November
1765

15802

Dear William

My Mother mentioned to me last night
your having in the summer carry'd a
Message from Me to Mr Charles to the
following effect; that as he had complain'd
to My Mother of Henry, He need not trouble
himself concerning him any more, & that
I should attend him for the future,
now as I never mention'd to You a single
iota of this kind, nay never thought of it;
I think it both for Your honour as well
as mine that this affair should be clear'd
up; I desire therefore You will make
it Your business with accuracy to state

to Me the cause of this mesentery; for I
cannot bear one moment to be thought
wanting of that Duty that I have on all
occasions made it my business to show
