

Mr de Grand

Supposed November

1765

to Duke of Gloucester

9.29 (cf. 15803)

15804

I own my self greatly hurt, in thinking
that his Majesty or Your Royal Highness should be
troubled with a dispute, between Mr Charles &
me, relative to our taking Mr Droos, to fill up the
vacant hours occasion'd by Mr Charles attendance
on Prince Frederick, at Kensington -

The words, as near as
I can recollect were: As you are now out of town
with P. Frederick, it has been proposed to send to Mr
Droos, to read History & Geography with P. Henry - I
have desired the Duke of Gloucester, to mention it

To the King & he does not disapprove of it.

I have the honor to be

S^r with great Sincerity
& regard

Your Obedt^s
