

Ld. North

Nov. 5. 1770

15899

Lord North has received the honour
of his Majesty's commands; Tho' it is
not probable that the Civil List
Revenues will produce Thirteen
Thousand Pounds by this day seven-
-night, Lord North has no doubt of
being able to procure the sum de-
-sired by that time, & he will, in
obedience to his Majesty, endeavour to
conduct the business in such a
manner, as to keep it as much
out of sight as possible.
