

Draft to the E. of Holderness  
Queens House April 20<sup>th</sup> 1771.

Queens House April 20<sup>th</sup>  
1771.

Lord Holderness, The delay that must necessarily arise from  
Mon<sup>r</sup>. de Salgas's ~~being~~<sup>journey</sup> into Switzerland is unpleasant, and  
am unwilling any time should be lost in so ~~unprofitable~~<sup>useful</sup> a branch  
of my sons education as the French language, I wish you would  
turn it in your mind how we can best supply this momentary  
~~dis~~appointment; for M<sup>r</sup>. Borel's having ~~instantly~~<sup>in the end</sup> wrote to him  
to return, promises that we shall ~~yet~~<sup>at</sup> obtain him
