

Draft to Lord Bruce
St. James's. June 2. 1746

16074

Lord Bruce, You can with greater ease conceive the
anxiety of my mind than I find words to express it. I
leave the excellent bearer of this letter to explain my
feelings; I have ~~some~~ ^{met with} severe blows, but this is perhaps
the strongest I ever ~~met with~~ ^{received}.

St. James's
June 2. 1746.

George B.
