Sir

Hannover August 22^d 1783

I am extremely happy to find from Your Majesty's last letter of 4th 12th, which I had the honour to receive the day before yesterday, that Your Majesty approved very much of the plan communicated to Your Majesty by His Royal Highness for His intended tour to the several Courts in this neighbourhood; in consequence of which His Royal Highness proposes setting out on 25th & as His Royal Highness does not intend making any long stay at any of the Courts, we shall most likely be returned to this place by the first week in October. I have the satisfaction to acquaint Your Majesty, that His Royal Highness is in perfect good health, & spirits;

I have the honour to be
Your Majesty's, most dutiful
Subject, & Servant, Rich^d Grenville
