

M<sup>r</sup>. Sec<sup>y</sup>. Fox

St. James's Nov. 5<sup>th</sup> 1753.

M<sup>r</sup>. Fox avoided troubling your Majesty  
with an Audience to day on account of the  
lateness of the hour but it might have  
inconvenienc'd your Majesty; but he humbly  
recommends to your Majesty to attend to the  
two Interceptions from Polzolan & Berlin in  
which his Prussian Majesty's Sentiments with  
regard to the Prince of Orange's affairs seem

to deserve notice. Mr. Fox having by some  
mistake misperceived seeing Mr. de Simolin  
yesterday, did not till this morning receive  
the very important papers delivered to him  
by that Minister.
