

Copy  
Note to Ld. Southampton  
Queen's House Sep. 2. 1784.

16464

Lord Southampton having intimated that the P. of Wales  
must set out on his improper journey as tomorrow I saw  
the enclosed Passage to be either sent to his Highness's  
or delivered to him on coming to Town, which was hard  
Southampton may find necessary. I am convinced in the  
opinion of being able to prevent the P. of Wales's departure  
but chanc. to take this method of doing it. Ld. Southampton  
will find no Lawyer hardy enough to deny the Power  
Queen's House  
Sept. 2. 1784.
