Lucens House March 13.th 1785.

Lord Southampton having on the 5.th of Jan^y. delivered to
me a letter from the Prince of Wales enclosing what he calls
the state of his Debts which was merely saying they amount to
£ 150,000. though in the Prince's letter to Lord Southampton
of the 17.th of Sept. he directed Colonel Notham to make out a
near a state as the word of his Debts; I have till now been
waiting for such a statement; but none being arrived, I
have wrote the enclosed to the Prince of Wales, which I
therefore desire may be delivered to him.
