My Dearest Daughter in Law and Niece

It is impossible I can set out for Weymouth
without wishing to see you and my ever Dear Grand Daughter
at the same time I wish to avoid any greater caution than
necessary, till I have entirely recovered myself by sea air
and bathing. I therefore hope it will not be inconvenient
to you to come on Monday at one o'clock with your Dear
Child to Stairs to meet me, when I trust I shall communicate
that to you that may render your situation much more
happy than you have as yet been in this Country, but not
more so than your exemplary conduct deserves
Believe me ever with the greatest Affection

My Dear Daughter in Law
and Niece

Your truly Affectionate Father in Law
and Uncle
