

H. M. to Lord North

Mar. 21 1774

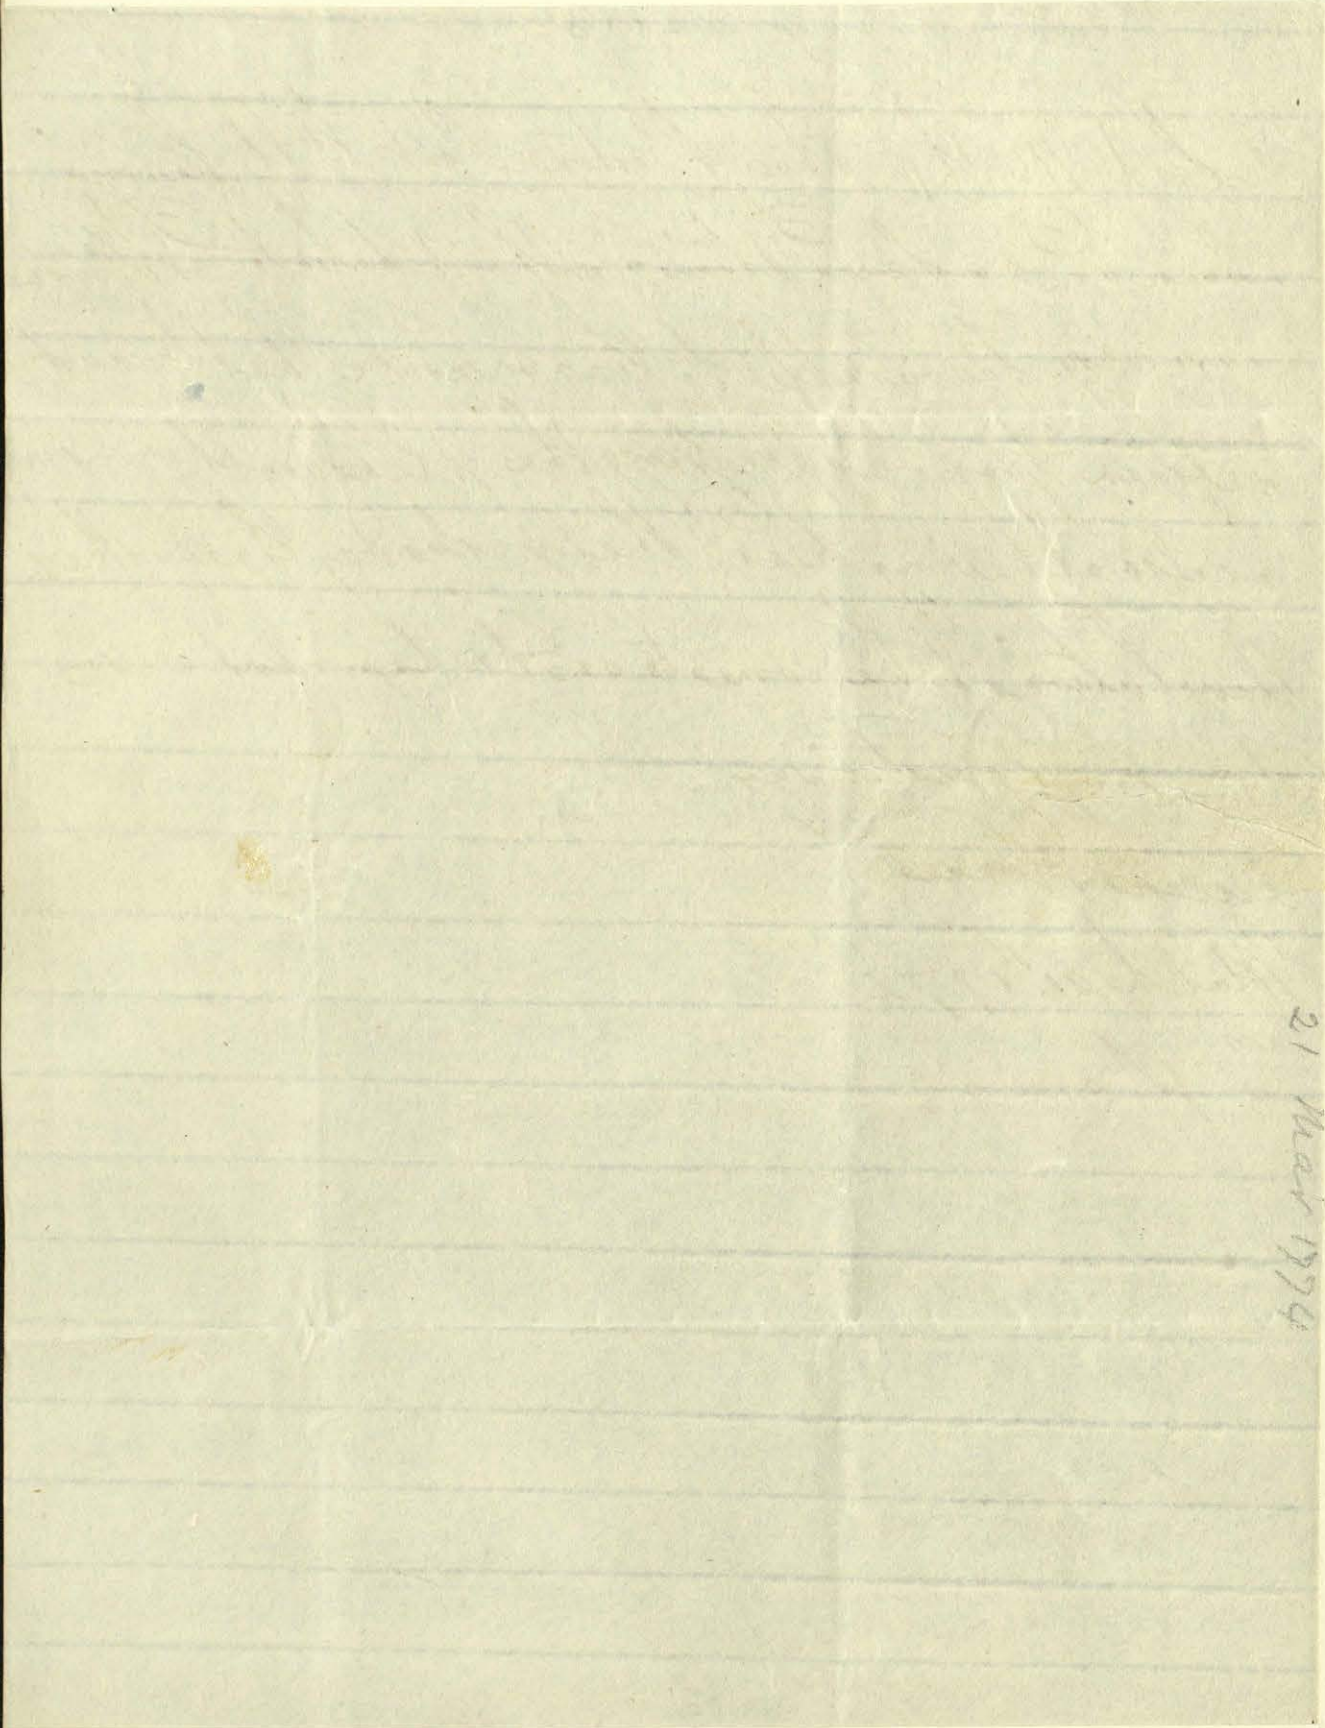

1773

Lord North, The Boston Port Bill having
been read a second time without debate or Division
is so very favourable to the measure that I cannot
refrain from expressing the pleasure it gives me
as also at having heard that yesterday the further
Resolutions to be come to on Friday next were
drawn up yesterday.

Lucens House

March 21. 1774.
