My Dear Friend

I have this moment come  
from the Town - & have had a  
full Conversation with Mr. M. K.  
and the Duke of York on the Sub:  
part of the letter which the Duke  
sent to you this Morning. The object  
of my writing is to desire you to ap:  
point Conant to be with you to mor:  
row by Eleven O'clock <sup>instead of Twelve</sup> & will be with  
you at that Hour - I should think  
we shall be most quiet at Carlton  
House so I will drive there

Adieu

direct - But the main object of  
my writing to you now is to get  
you to caution Conant not to  
see anybody to morrow until  
we have shall have met. I will  
explain the reason of this caution  
when we do meet -

I am my friend

Yours most truly

W Adams

It has occurred to me that possibly the  
Bulletin signed by Stone might reach  
the News Paper & that the production

I mention this that you may prevent it
