Perceval

Dear Sir

I think I told you that Mr. R. H. The Donner Report authorized me to state to the A. B. of Castlemore that he appeared of the new School for National Education, and would accept the office of its Director. He also told me that he would subscribe to the same, which he authorized Mr. Adams to subscribe to Mr. Lancaster's School.

Mr Lancaster

The A. Bp. was with me this morning
and his grace was desirous of knowing
what sum that was, as it would be
necessary in publishing a list of the subscribers
to publish the amount of their subscriptions
— perhaps you can learn for me, what
that sum was, and if you can send that
you let me know — I send this to you
instead of Mr. Nicholson, because the
former communications on this subject
passed between you & me, when the Col
was out of town —
