My Dear Sir

By Brothers charitable attentions
to the Prince Regent, will I am sure, make
the gracious merit of favor and recollection
which his R. H. has been pleased to show me,
particularly consoling to his ^{at the present moment} feelings, under
the very heavy affliction, in which the knowledge
of this Circumstance will find him - I shall take
no time in expressing him of the obligations

H. P. H. has shewn for his Parliamentary
situation, such cannot be effected, there
an acceptance, in the legal sense, cannot
be effected to have taken place

I have the honor to remain
y^r Dear Sir

Yours very faithfully

Cartwright
