

Duke of Northumberland

20. March 1812.

A.A. No. 401

19439

Albion Castle 20th March 1812.

My Dear Colonel

See No. 19442

May I desire you to present the enclosed to the Report. Lord Percy being informed as that he has received his Surveys to the House of Peers, I have thought it right to spare A. D. H. how sensibly I feel the honour He has done him.

I hope the Report was not displeas'd with my letter to you on the 14th & I trust that you will ^{be} able to settle every thing with Mr. Crispin about Mr. furrow. Mr. Wilson wrote to me about the probability of your wanting another selection, & I referred him to you. Excuse my scrawl for I have only just time to save the Post

Your's ever most sincerely

Northumberland.
