Bathley Green May 3^d
1612

My Dear Lord

The more I consider our
conclusion of yesterday, the more I am
convinced of the necessity of situating
my request of an audience of the Prince
Regent, and since his Royal Highness
has condescended to communicate with
you upon the subject, I trust
I do not presume too much on your
kindness & friendship in requesting that
you will convey my wishes to His
Royal Highness in the most respectful

namer. I cannot help adding that
it would be an additional gratification
to my feelings if the interview were to
take place in person of your Grace,
or of His Royal Highness the Duke
of Cambridge, or both. Believe me

My Dear Lord
your Grace is very faithfully
a obliged

Samuel

To His Grace

The Archbishop of York
