My Dear Friend

Mr George Villiers has recently made known to me the very friendly intercourse you have allowed to take place in the hopes of rendering me some comfort & relief, and tho' the hard & ruinous decrees against me are allowed to still exist to the gratification of my enemies at Windsor, yet, I must ever feel most cordially thankful for the friendly interest you have manifested, far beyond what I could have expected. - and I hope the time may still arise, when those, the highest in power, may feel that I have not forfeited the honorable place I held in their estimation, and it is no small consolation to know how anxiously you are upon the watch to prove me

The R<sup>t</sup> Hon<sup>ble</sup> J. MacMahon

Yours, My Dear Friend,  
most faithfully

& truly yrs Geo. Villiers
