(No. 7)

Letter from Lord
Holland.

My Lord

I had the honor of
receiving your Note and Inclosure,
and beg leave to return my sincere
thanks for your attention in
sending me so interesting and so
early a communication.

Lord Grenville and Lord Grey
have been so good as to talk the
matter over with me confidentially,
and I have the satisfaction of
finding that I concur generally
in their views of the subject, and
indeed

indeed have no better way of
expressing my opinion, than by
referring you to a Memorandum
which, I believe it is their intention
to deliver to you to-morrow morning.

I am, My Lord

Your obliged & aff^o Servant

Camelford House

May 22.
