White Lodge -  
August 7<sup>th</sup> 1812

Lord Sidmouth humbly requests  
your Royal Highness's signature  
to the enclosed Warrant. He would  
not presume to intrude upon  
your Royal Highness's season, but  
was it not for the importance of the  
immediate issue of the Commission  
under the Great Seal, for which the  
signature of your Royal Highness to this  
Instrument are preciously necessary.
