Dear Sir

I give you this trouble
to mention that unless the usual notices
for the New Street from Marybone
Park ^{to Carlton House} are advertised before the 10th of
Sept. the act necessary for that object
cannot be introduced next session.

You will recollect what passed when
I had the honour of mentioning
this subject to you at Cheltenham,
and that I had the good fortune
of your concurrence in thinking

that magnificent communication
a most essential feature in the
general plan of improvement of
that very valuable estate of the
Crown. Mr. Nash in a Report which
I hope he will enable us to send
to the Treasury in a day or two
has estimated that the value of
Marybone Park will be increased
to the amount of at least 15,000 £
a year if the street shall be
made. I believe much more, but
as his estimate is to be sworn
to he does right to keep within

I am most anxious that the
unmediate adoption of the measure
may receive H. M. H. the Prince
Regent's approbation & sanction
and that his pleasure in that res-
pect may be communicated
to the Heads of the Department
under which our Board acts in
sufficient time for us to receive the
proper official authority for giving
the Notices within the time I have
mentioned. I hope to be in town
about the 11th of Sept^r when I will
do myself the honour of calling

upon you if I find you in London,
& of stating other particulars to you
relative to this subject, & others con-
-nected with it.

If you should have
any commands for me a letter will
find me at Wroston till this day
evening (the 7th of Sept^r).

If you are still at Cheltenham
I presume this letter will be forwarded
to you. I have the honour to be,

Dear Sir,

Your very faithful
humble servant
