2^d 1012.

My Dear friend

Let me beseech you
so far as to beg that you will send
the enclosed to my House, with a direction
that it is to be immediately forwarded
into the City.

The Duke of Norfolk called
upon me & said "He was endeavouring to
make himself as strong as possible & wished

to be regarded as an honourable consent of
the Prince if His Royal Highness would let
him. Colburn's money is ready if an
opening be found for him.

Faithfully yours
