

Saul Whithead to Col.
McKahow

20103 - Anne to Col. McKahow
My dear Sir

I cannot express to you
how much I am the obliged
to of accommodating the
Duke of York with a Point
Box to his Bishop's house
give me. When it may
be returned by the information
I have it now is convenient
to communicate that the
Box is to be on the South side
of the Church is at the
service of His Royal
Highness, Lady Howard
having by a letter, which I
received this morning only,

Saul Whithead to Col.
Mckahow

relinquished Leo Clair to it.
And the Committee at any
time received the slightest
intimation of this Royal
Highway's wishes, they would
most gladly have set apart
a Box by preference for this
Royal Highway's use.

It has fortunately happened
however that one of the
best of the Royal Boxes
has become vacant, and
we were it with given me
the greatest pleasure if
it shall be acceptable to
this Royal Highway.

The state of the finances
of the Company makes it

20104

absolutely necessary to dispose
of certain Boxes by sale.
And the engagements which
we have entered are binding
upon us.

If Lady Howard's letter
had not arrived, I had
proposed tendering for the
use of this Royal Highway,
until she could be better
served by some other
Box on the south side
in which I had purchased
an interest for this season
the other part being set aside
for the use of some other
admirer she shall choose
to go the day.

But soon since the matter
has recently concerned

with Lady Elizabeth & myself
in the office & gave to her
Higher Box. but believe
it to be one of the best
situations in the House:

I am happy to hear that
Her Majesty the Queen Regent,
& the Royal Party had been
so gracious as to express
satisfaction at the view
of the Theatre

I am very dear Sir
very truly yours

James Mordaunt

Southwick
