My Dear Sir

I must beg you will have the goodness  
to excuse the Proviso Present from me -  
that if I had not been detained here  
upon very particular Business, I should  
have been anxious in Person, at the first  
moment of the Disputation, to have  
taken His Royal Highness' Name in  
Person, for my Guidance, with the  
small Parliamentary Talent I now possess.

Lord Yarmouth slept here on Saturday  
 night, in his way to Ireland, when I  
 was much vexed to hear from him  
 that Government when he left London  
 was not sure of Lord Centon's Boroughs  
 I had no time in sending to beg Lord  
 Charles Montagu would go down  
 to ask him from me.

I did not wish to disturb the  
 Boroughs, when Mr Long understood  
 was in Treaty for them, It is well  
 known I otherwise was anxious to

have tried the three seals at my own  
expense -

I am authorized to say I was pretty  
sure of a settlement by a letter from  
my lawyer dated 9<sup>th</sup> Oct. 18<sup>th</sup>  
saying ~~that~~ there would have been  
no doubt of my success if I had  
sent Lord C. Brentford down in time.

With respect to Callington I  
can only say neither trouble or  
expense should have been <sup>incurred</sup> ~~incurred~~

by me to have effected to decorate  
an object for Her Royal Highness  
in case of Lord C. Howland.

Will you have the goodness to let  
me find <sup>on my</sup> arrival in London a line  
from you. I hope to be there very late  
on Wednesday or early on Thursday

Believe me

My dear Sir

Yours very sincerely  
Falkland Is. W.
