

Enclosure to Dec: 13th 1812

20277

Dear Lord Robert Seymour.

I am led to hope that an application to the Prince Regent for the honor of being appointed an Aide de Camp to his Royal Highness on a vacancy occurring might be attended with success and as the expected brevet will promote to the rank of Major General the greatest part if not the whole of the Kings Aide de Camps it is probable that an addition may be made to those of his Royal Highness on the promotion occasion a vacancy amongst them. I then for purpose in a few days submitting my request to the Prince thro' Colonel McMahon and shall feel myself greatly obliged to your Lordship if you will do me the favor to mention me to Colonel McMahon and solicit for me his support when the application is made.

I remain

Yours
