Arnhem that
Monday night

My dear Mr. Mahon.

I go into Jersey tomorrow morning
& return the beginning of next week.

I wish you would inform
His Royal Highness that I have
had a very full & satisfactory
conferance with Lord Sidmouth
he entered into the subject of
my communication with him; with
all the zeal & warmth I could
wish. & I feel confident that

every thing will be done which
Her Royal Highness could wish
but it may require some time
to put a very complicated Machine
into Order, which has been
neglected for many years, & lost
many of its Principal Parts
I remain —

I am Dear Mr. Mako
most faithfully
