Sir

The printer of the enclosed and
the one to which it alludes has just
been with me and says he has been ap-
plied to for 200 copies to go to York, that he
has upwards of 500 by him, but not wish-
ing to give offence, or hurt the feelings of any
gentleman he will sell me the whole
set for eighty guineas — I have said
in answer that I should be not hear from
me by 12, tomorrow he may conclude
the article will not suit me at that
price, please sir to favor me with an
answer by eleven tomorrow forenoon,

I am sir your very humble servant
