Dear Colonel Mr Mahon. you will read with  
pleasure the enclosed Letter from Lord Sidmouth with  
that from Mr. Otto. I sent to his Lordship Copies  
of the three most important Letters (made of Mr. Otto  
the Prince of Wales & Mr. Addison in Jan'y 1802)  
all embracing the grand Political System now so  
happily realised & which will do eternal Honours  
to your beloved Prince Regent.

The Letter of the Baron de Montargues  
will enchant you. Next to the Comte de Chastee  
he stands in the highest confidential Esteem of  
Louis the 18<sup>th</sup> & contributed greatly to the fortunate  
Turn of affairs at Brandywine, which was the  
 favourite City of his Grandfather the great Montargues.

No Event could ever be more auspicious for the  
Two Countries than the Heart formed union between  
our reigning Regent & the good Restored Party of  
France. with such agents as the Comte de Chastee  
Montargues & Otto & our Princes selected Friends  
Peace reciprocal & general is secured. *adieu*  
yours most faithfully John Macpherson. -
