

Ld. Harcourt by Col. McCMahon

Carlisle House  
9 July, 1815

Ld. Harcourt presents his compliments  
to Col. McCMahon, and hopes he will excuse  
his taking the liberty to request the favour  
of his interceding with the WRA The Review  
Report to sign the Bill for the Priny Seat  
devoting the Cong'd Chair for the Bishopric  
of Gloucester. The cause is so far  
advanced, that it becomes more & more  
difficult to procure the attendance of the  
Bishops necessary for the consecration: & it  
is therefore of great importance to the  
Dean of Wells that no time should be lost.  
The Bill has been left at Carlisle House  
by Mr Pollock for the Review Department.
