

A. H. to Lord North

Mar. 18 1778

2834

Lord North I am highly incensed at the language
let by Lord S. last night to Eden, and approve
of that of the latter. I will not say more at this
hour for I am fairly worn down, except that
I shall not let appearances be put on as pleasing
as possible consent personally to negotiate with
any individual, their proposals and any answers
must go through your Channel for I will not
change this Administration, but if I can
with honour let you make acquisitions.

Handwritten text, likely a letter or document, written in cursive script. The text is mirrored across the page, suggesting it was written on a piece of paper that was later placed over another page. The content is mostly illegible due to the mirroring and fading.
