AUTHENTIC NOTES

of the several BIRDS, and of the several Diseases to which they are
subjected, and of the several Remedies which are to be used in the
treatment of them, as they are given in the several Volumes, being com-
piled from the best sources of Information, and in a perspicuous, and in a
concise manner.

The Author is sensible that a few more Volumes
of this Nature, in the last Edition, would be very
useful, and he is therefore publishing these
Notes, which he has collected from the
most authentic Sources, and which he
thinks will be found very interesting
and useful to the Reader.
