Sir

When Mr Black was lately in Leipzig at the Easter fair - Mr Brockhaus the present proprietor of Ersch & Grubers Allgemeines Cy-clopaedia applied to us as Foreign Booksellers to the King to obtain payment of the inclosed Bill for a Copy on large paper subscribed for by His late Majesty & delivered regularly in course of publication - he stated to us the length of time the account had been due and urged us to use every means in our power towards the quickest possible settlements - we therefore take the liberty of making this application to you upon the Subject and request you to communicate to us an early reply

We are Sir
