

St James's 20 Dec^r. 1030

My dear Sir

The China you allude to having been found in Windsor Castle by the new servants of the Establishment, and the circumstance of its not having been paid for, being unknown to them, it has been used upon some occasions - Having been so used it cannot now be removed, and therefore I have not written to Lord Stratthaven about it -

I shall be glad to find that you have no difficulty in placing the Bill for this ornamental China among your accounts, - I will call in a few days to give you ample reasons why it cannot be placed in mine. -

Always my dear Sir
Yours most sincerely
Thos. Mordaunt

J. D. Mordaunt Esq
