Sebastian Cuffe Esq
Charing Cross

Sir The interest you
were yesterday pleased to
inform me you take in
the inquiries in which
I am engaged induces
me to venture to request
your acceptance of a
copy of my reply to an
~~attack~~ attack on some
points in my Political
Situation which has
recently appeared in the
Edinburgh Philosophical
Journal, together
with some plates of the
head of the first Pyrene
we were talking of it
of some other bones

[c. 1823]

from another Den near Tongue
which together with many
others I have prepared
for my second Volume.

To these I have added
some lithographic Prints
of the Bones of a gigantic
Reptile found near
Blenheim which I have
just published in the
last Volume of the
Geological Transactions
& of the extraordinary
Fossil Monster
late purchased as
Lycine Regis for his
Grave the Duke of
Buckingham & of which

35850

a Description is also
given in the same
last Volume of our Trans-
actions. It would afford
me the greatest Pleasure
if ever you come to Row
to see ^{of you} the extensive
Collection of Bones I have
from various Caverns &
which form the Document
on which my Book is
founded, as well as
our general Collection
of other organic fossil
Remains which is perhaps
the most extensive in
existence.

I have the Honor
to remain Sir
Your most Obedt Servt
J. Buckland
Sir Wm Knight Bar
