

Ld North

March 20. 1780  
rel. to S<sup>r</sup> Geo. Rodney

Mar. 20 1780

3750

Lord North has the honour of trans-  
-mitting to his Majesty a letter he  
has written to S<sup>r</sup> George Rodney.  
Since Lord Sandwich received his  
Majesty's commands upon the subject  
Lord North has heard from Lady Rodney,  
that S<sup>r</sup> George's wishes are to have  
some provision for his children. He  
has inserted such an idea in his  
letter, but would not send it till he  
has received his Majesty's commands. Lord

North has prepared this letter, as the  
most convenient way of telling his  
Majesty's pleasure, as he will not  
be able to attend this morning at  
the Levée.

Lord North will attend his letter according  
to his Majesty's directions as soon as  
the business of the day shall have  
allowed him from the H. of Commons.
