Bishop of St. Asaph

My Lord,

I trouble You ^{with} this letter to acknowledge
the honor of yours by the last Post, together with
a copy of that in which H. M. A. the Prince of Wales
in so gracious and kind a manner declares the
Resolution, which he has form'd, and which for the
Honor of the Country, independant of all other conside-
rations, I trust he will not be suffer'd to practis-
e but for a short time.

Permit me to assure your Lordship,
that I view as one of the most fortunate circumstances
attending the Honor which his His Royal Highness
conferr'd on me, to propose myself to be at all times
with truest regard

Abbeville Place
July 11th 1786.

Your Lordship's
Much obliged & obedient servant
W. St. Asaph.
