

Edmund Burke to Capt. Payne,

38212

Myd<sup>r</sup>. Sir,

May I beg the favour of seeing you,  
with as many papers relative to the Kings  
illness, as may be of use (or most may be of use)  
for the examination of tomorrow. Will Dr. War-  
ren have any objection to my having half an  
hour conversation with him. On reflexion I  
had better not. But pray, do you come rather.

I am ever yr<sup>t</sup>.

Edm Burke
