

Lord Sandwich

to Capt-  
J.W. Payne

L<sup>d</sup>. Sandwich

Hertford Street Nov: 22 : 1780

Dear Sir

I have received your letter & shall depend  
upon seeing you when next you come  
to Town.

I conclude that it is wished that we  
should collect as much strength as we  
can in the House of Commons against  
the next meeting, I have therefore fixed  
one doubtful member, who thinks he  
can carry another with him, the  
person I mean is Mr Burton who

has authorized ~~me~~ me to put his profession  
of faith down in the following words.

cc Mr B. considers himself as unequivocally  
cc bound to the Prince of Wales's measures,  
cc & has allowed L<sup>d</sup> Sandwich in his presence  
cc to put this memorandum into writing;  
cc & if he thinks proper, to inform his  
cc Royal Highness thereof.

I am  
most faithfully yours  
Sandwich
