

Mr Sheridan to Capt. Payne.

38374

Sun Night.

Dear Payne,

I executed the Prince's commission to Night. and left Lord Langhborough highly gratified. He is extremely fair, and I think there are some things he wishes to say which the Prince will be pleased with. He will wait on his R. H. tomorrow at two o'clock, ^{perhaps} enquire if that hour is convenient and convey the Prince's pleasure to him if it should not.

Yours &c
 Hence is going to be ^{your} a ministerial secretary of Manchester which will certainly be defeated.
 Mr Sheridan
