Sir

As I will not again
presume to trouble the Prince of Wales,
the Duke of Bolton and I must beg
the favour of You to express our Gratitude
to M. R. H. for the presentation of
Lisford so obligingly conferred; M.
Mitchell is here, he saw your first
letter, and will I dare say do every thing
that is honourable, he returns to London
from hence, and I shall desire him to
call on You, & if the Duke of Northumberland
does not want Chichester, it will be of
great use to us; unless it would be any

particular accommodation to Mr. P. M.
we should be very glad to dispose of
it I am Sir Your most

Obed^{nt} Humble

Servant
