My dear Augh.

I should have answer'd you sooner  
immediately by return of the Post, not giving any  
impediment myself to your meeting with at  
the Admiralty Board, whilst holding the station  
you do in my family; but thinking it possible  
that there might be some point of objection which  
I was not acquainted with, which might either  
create a difficulty or <sup>mislead?</sup> appear incompetent in  
His Majesty's eyes your holding the two <sup>offices</sup> stations  
I thought it advisable ~~to~~ <sup>to do so</sup> this as the

done in every other circumstance of life, & conform  
to his Majesty's opinions as well as inclinations on  
the present occasion, & he was graciously pleased to  
approve of my way of considering the matter as  
stated by you, & sent of my best congratulations  
in this as well as in every other way that is  
conducing either to your satisfaction or advantage  
& I am, my dear Sir,

Your very sincere Friend

W. Pitt
