My Dear General

A classical subject
has reached me. I am supposed to attend
at Windsor as a witness on the part of
Arthur Gordon & Jeremiah Leary. The
latter I apprehend I never saw: and I do
not recollect to have been more than twice
or three times at most, in the company of
the former. I rather suspect, by seeing Gordon

2d
Eskine Sheridan & D Bedford also called upon
that it is an endeavor to compound the spec-
-al fact on which I cannot be tried with the
general reputation which we have pro-
-posed of unconstitutional proceedings on
the part of the Irish Administration.

I suppose I must exhibit myself at hard-
-stone on the 21st. Because, tho' I would rather
incur the penalty than have the trouble
& expense of the journey, it might look like
shirking unbecomingly if I did not comply.

with the manner. At the same time, I can-
not conceive to what point I can possibly
be examined that will have any reference

to the case; (Keizer's visit would

have been ill-timed, as I have a House full

of Company. Surely nothing further can be

required than to send the Papers by Post to

be executed here. Will you have the

kindness to enquire if a Passport be re-
quired for Mr Doyle & his family to en-

ter.

- back for Hamburg: and if it be, will you
get me as soon as possible for her, her (children)
- son Charles & Selma, & her kind maids
Chenevire; to be directed to at the Post Office
Gronow.

Believe me ever faithfully

Yours
M.
