My Dear Sir

Ten thousand thanks for your remembrance
which I am more flatter'd at, & grateful for than I can express;
so much so that I shall never part with it while I exist & lose no time
in leaving it to my son, as a monument of your kindness if an event
should happen that the impression of my mind suggests not to be
distantly, I should at this moment feel happy if I could persuade
myself that I should have the pleasure of ever seeing you again
I am Mr Pybus

& of thanking de Vive Voix. —
last night he told me in confidence that it was understood, but
not ultimately arranged, that P. Edward & P. Ernest were to
have their Peerages immediately & that G. R. H. had taken
a strong line on the subject in support of the Peers. — for
this, his Author Mr Rose — at the Herald's Office from S^r J.
Hard He was assur'd that P. E^d & P. Ernest were to be made
Peers directly, this last author Pybus appear'd to depend the
most upon —
Mr Nugent desires me

Mrs Nugent

to give his Duty to G. R. Highness & to say how much
honored He feels by your Message — Believe me

to be My Dear Sir

Your Royal Highnesses

Most Dutiful & attached
