Dear Payne,

I have just heard & from pretty good authority, that there is five hundred stand of arms now concealed at one Gough's at the Minories, wh. were intended to have been sent to the French, but wh. he dares not venture to send fearing yt. they may be seiz'd, but I suspect they are intended for another purpose; pray send me plain word of it, for if no good, no harm can come of caution. I am glad dear Jack to learn yt. You are so much better.
