

Let. Moura to Col. Mc Mahon

40044-5

Dunburgh, Nov 27, 1803.

My Dear Colonel

If the 2000[£] which will
be paid to you by Mr Clarke, I will by you
to Lodge 500[£] directly with Cap Ridge as Charity
Crop. There will be 270[£] to pay to Campbell. There
I shall be obliged to send to Lawson of this
Post a Draft upon you for 1000[£] at the
next date, tho' I hope it may not be wanted
as it was only to guard against the non-payment

of a bill which I thought doubtful when
I endorsed it to a Leicestershire Banker. I was
doubtful only as to exact punctuality of
discharge. The money was otherwise intended
to answer some of your notes soon becoming
due the dates of which you promised to send
to me.

You would be pleased if you could know the
into what a state of good humor & confidence
I have brought this Country, when it was in the
extreme of the opposite temper at the time

of my arrival. I have not reply, however. For
I am appearing satisfied to meet a very
probable attack from a force much more
numerous than with a body of troops absolutely
of war. That accident happen, it will
be said, why did he not make representation
I would of no means have you hint at
the bareness of our defence; because it
would appear as if I were making indi-
-cately the application which I would

at my own. I think you need-
-headed to be is a very gentlemanlike,
unlike man; my pleasure also to do
business with.

Sincerely & faithfully
Yours
John
